RKL eSolutions Expands Software Solutions for Trade and Recycling Industry

Company extends existing reach into waste, trade, and recycling industry by expanding portfolio of end-to-end software solutions leveraging Sage Intacct.

LANCASTER, PA – MARCH 27, 2018 – RKL eSolutions, a leading technology firm and Sage software provider, announced an expanded focus on the waste, trade, and recycling industry by directing added investment and resources into [recycling software](#) solutions. Building on an existing long-time partnership with cieTrade, RKL eSolutions offers multiple options for backend ERP integration that now includes the popular and cloud-based [Sage Intacct](#).

Walter Goodfield, EVP at RKL eSolutions, says the decision to add resources and investment in the recycling industry was simple. “We’ve had a very long, collaborative, and successful relationship with cieTrade, working together to support our mutual customers running Sage 500 for financial accounting functions. Now that we’ve expanded that relationship to include the option of using Sage Intacct as the ERP backbone, we can offer a highly-focused industry solution that’s modern and cloud-based for unmatched power and flexibility.”

The recent [merger with Arxis Technology](#) added depth, resources, and expertise to the existing Sage Intacct practice at RKL eSolutions. Recognized as a Sage Intacct Premier Partner, the new and combined company touts a strong and thriving cloud solutions practice that will continue to lead the way and guide their technology focus going forward.

“For us, this is about more than just the software and technology,” says Walt. “Our focus is on the industry as a whole which means we’ll be participating in more events, building more relationships, and immersing ourselves even deeper into the waste, trade, and recycling industry to build on the success we’ve already had.”
