Sage Intacct Construction

**Focus on
what truly
matters
with a cloud
solution**

**Boost
insight with
reports &
dashboards
(not Excel)**

**Automate
daily tasks
work
smarter,
have fun**

**Integrate
your entire
solution
with web
APIs**

Focus on What Matters

- **Enjoy the #1 User Experience**
- **Simplify IT** – say a fond “Minnesota goodbye” to maintaining servers, databases, backups, VPNs, remote desktop software, etc.
- **Connect Anywhere, Anytime**, with your preferred device
- **Never do Another Software “Upgrade”**; Sage Intacct updates automatically 4x/ year
- **Enjoy Dozens of New Product Features** with Sage’s focused investment
- **Leverage Artificial Intelligence with Sage Copilot** – your very own digital assistant!

Boost Insight

- **Empower your Users** with intuitive reports and dashboards
- **Drill-Down into Details** to answer your own questions
- **Easily Consolidate Data** across your entities
- **Leverage Dimensions for Improved Analysis** across your organization
- **Incorporate Non-Financial Data** to provide context for your debits and credits
- **Create Detailed and Interactive Operational Reports** for fresh project insight

Automate Daily Tasks

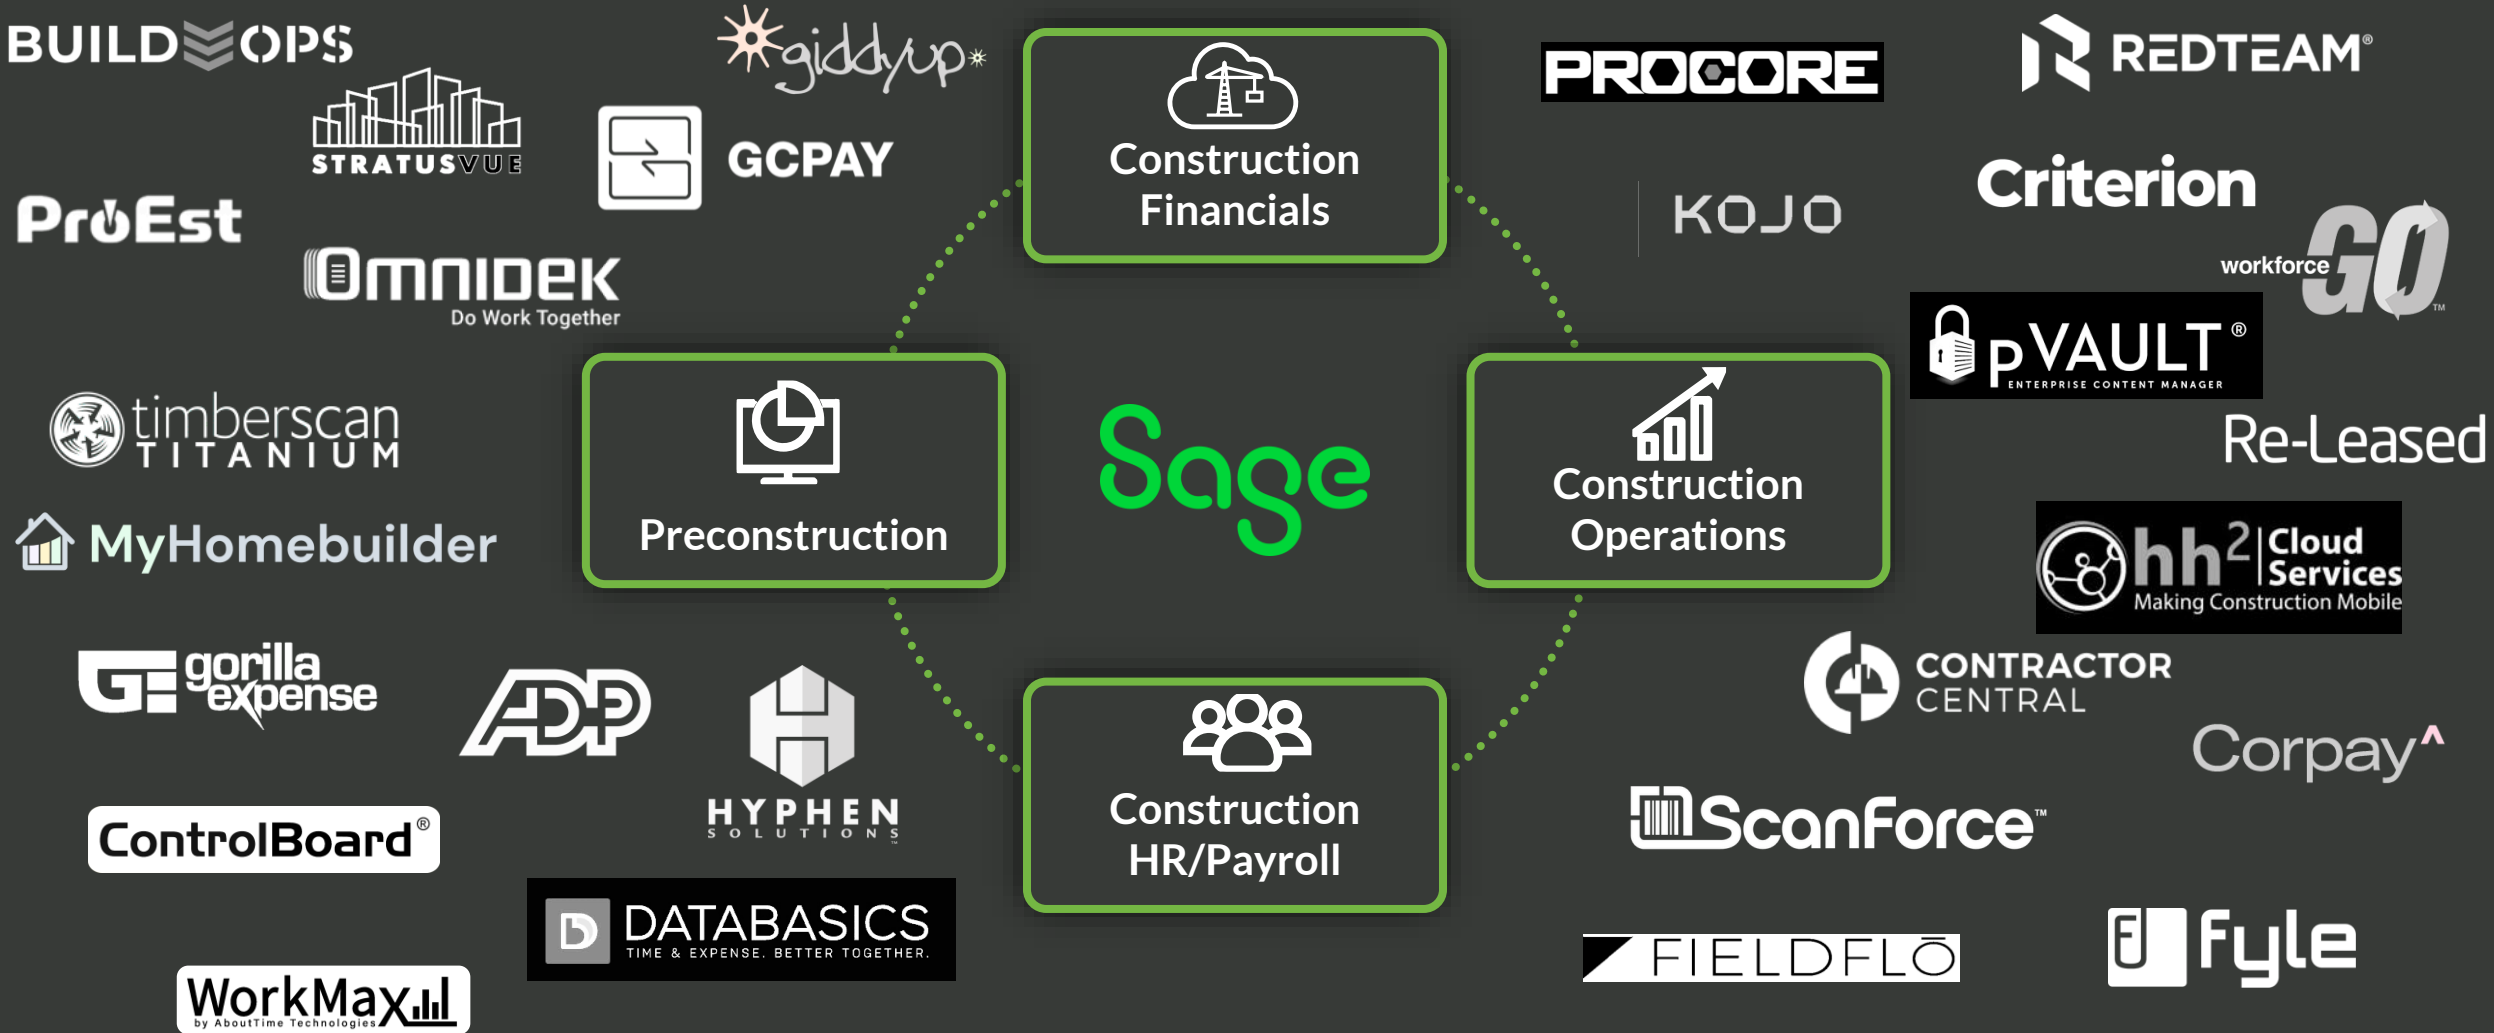

- **Partner with your Operations Team** with Sage Construction Management
- **Automate Accounts Payable** invoice processing and approvals
- **Reconcile Bank Accounts Automatically** with bank feeds
- **Streamline Month-End Closing** with checklists
- **Manage and Integrate Fixed Assets Depreciation** with Sage Fixed Assets
- **Track Notes and Internal “Chatter”** with Collaborate

Integrate Your Entire Solution

- **Leverage Web APIs** to achieve a “best-in-class” solution
- **Choose from Hundreds of Pre-Integrated Solutions** in the Sage Intacct marketplace
- **Enjoy Durable Integrations** that won’t break
- **Create Custom Integrations** as necessary
- **Import / Export with Ease** with Sage Intacct templates
