RKL eSolutions Named a Sage Endorsed/OEM Partner of the Year for 2011 for Sage ERP MAS 500

Announcement places Sage Endorsed Solution Provider as top strategic development partner for Sage ERP MAS 500, delivering “extraordinary customer experience.”

LANCASTER, PA– AUGUST 4, 2011 – RKL eSolutions, LLC (www.rklesolutions.com), a Sage North America Endorsed/OEM partner whose solutions have met rigorous strategic, technology, and integration criteria for **eBusiness Suite and Web Services for Sage ERP MAS 500**, has been named a Sage OEM and Endorsed Development Partner of the Year for 2011. In its first year, the Sage Development Partner Awards honors development partners who have best demonstrated a solid understanding and strong overall commitment to Sage customers. Sage values RKL eSolutions and all OEM and Endorsed partners for extending the customer experience through well-designed and easy-to-use products and services.

Recognition as a [Sage Endorsed Development Partner](#) of the Year is based on a partner’s ability to successfully deliver solutions that best fit customer and market needs; actively assist the Sage channel in closing new Sage solution sales; significantly help Sage with customer retention; and maintain a solid reputation for customer satisfaction.

“Because we handpick our Endorsed and OEM Partners, we can trust them to provide enhancements to help Sage deliver an extraordinary customer experience,” said Alan Bryant, Sage senior vice president. “We thank and congratulate **RKL eSolutions** for their dedication to our mutual business partners and clients.”

Joe Noll, RKL eSolutions President expressed surprise and satisfaction. “We are honored and humbled. We’ve worked hard to uphold the high values and standards required to be a [Sage ERP MAS 500](#) Development Partner. It’s not an easy process and we attribute much of our success to the partnerships we have with other Sage channel partners that work closely with us as an extension of their own internal development team. This award tells us we’re doing the right thing for both the Sage channel and Sage ERP MAS 500 customers.”

Nancy Sutton, Director of Enterprise Solutions for Oates & Company, a Sage Authorized Partner, described her company’s experience with RKL. “We’ve had the opportunity to partner with RKL eSolutions on several projects for our clients. Their consistency and integrity are impeccable. Their expertise and support has allowed us to reduce project risks for our clients and provide a wider range of services. They are a pleasure to work with.”

Rick Wilson of Martin and Associates agrees with Sutton's positive assessment. "We've worked with the development team from RKL eSolutions on several projects, engendering a high level of trust. This partnership has provided us an extended range of solutions for our clients."

Winners were presented at the Sage Summit 2011 Conference on July 11, 2011 at the Gaylord National Hotel and Convention Center in Washington D.C.
